EDUCATION

B.S. Computer Science
University of Illinois Chicago
May 2024
GPA: 3.89

Relevant Coursework

Data Structures
Algorithms
Database Systems
Software Design

SKILLS

JavaScript, HTML/CSS, Python, Django, SQL, REST APIs

CAREER OBJECTIVE

Graduate of computer science with experience across web development, database-backed applications, and client-facing technical support. Looking for a software development role where I can grow as an engineer while contributing reliable, user-centered features.

PROJECTS

Social Media Scheduler

Creator

- Built a responsive app using Django that allowed users to schedule posts across platforms.
- Added logic to recommend post times based on sample engagement patterns.
- Released the project to classmates and gathered feedback from more than 40 users.

Computer Science Club

Co-founder

- Co-founded a student club to encourage technical learning and peer mentorship.
- Led weekly programming sessions and coordinated guest speakers from local companies.

EXPERIENCE

Web Developer Intern, Book of the Month

April 2023 - September 2023

- Developed in-house web pages using React, Node, and HTML/CSS for employee workflows.
- Gathered requirements from nontechnical users and translated them into simple interface updates.
- Collaborated with interns and senior developers to brainstorm improvements to app navigation.
