

# Ava Thompson

Application Developer

## Profile

Recent graduate of computer science with experience across web development, database-backed applications, and client-facing technical support. Looking for a software development role where I can grow as an engineer while contributing reliable, user-centered features.

## Employment History

### Web Developer Intern at Book of the Month

April 2023 - September 2023

- Developed in-house web pages using React, Node, and HTML/CSS for employee workflows.
- Gathered requirements from nontechnical users and translated them into simple interface updates.
- Collaborated with interns and senior developers to brainstorm improvements to app navigation.
- Selected as a top performing intern by the technology team.

### Student Web Assistant at UIC Communications

September 2022 - April 2023

- Published event pages and corrected layout issues in the university CMS.
- Audited outdated links and improved page consistency across department sites.

## Education

### B.S. Computer Science, North Carolina State University

Graduation: May 2024 | GPA: 3.89
